SECRET

50X1-HUM

1. To smoke on and under bridges, to light fires closer than 100 meters to a bridge, to fish from bridges, abutments, and icebreakers, and to leave wagons and automobiles on bridges.

2. To transport over roads and road installations freight exceeding established weight and size limits.

3. To require directors of enterprises, institutions, and organizations, and citizens owning buildings in populated areas to build small bridges along the driveways to their buildings and over road ditches. This must be done at their own expense and within 10 days.

4. Those guilty of violations of Articles No 1 and 2 of this compulsory resolution are subject to a 100-ruble administrative fine or 30 days of corrective labor.

Malicious violators and persons pilfering construction materials, road signs, snow shields, etc., are criminally responsible.

5. Road agencies and rural soviets will supervise the carrying out of this compulsory resolution.

6. The compulsory resolution goes into effect 15 days from the date of publication in the press and is in effect in Alma-Ata Oblast for a period of one year.

Decision No 117, 29 March 1949, signed: N. Kuzembayev, chairman of the Executive Committee, and S. Yashkazin, secretary of the Alma-Ata Oblast Soviet of Workers Deputies.

MOSCOW RECONSTRUCTS STREETCAR LINES -- Vecherneyaya Moskva, No 138, 11 Jun 49

Considerable work is being done in reconstructing Moscow streetcar lines. The streetcar crossing at Zemlyanyy Embankment is being reconstructed. New, heavy rails of special steel are being laid in a concrete foundation in the Chernyshevskiy Street -- Karl Marx Street section. The concrete will not only assure smooth running of the streetcars but will also speed up automobile traffic.

LITHUANIAN ROAD, BRIDGE REPAIR PROGRESSES -- Sovetskaya Litva, No 136, 11 Jun 49

Road repair is in full swing in Mazheykyey Uyezd. Kolkhoz workers and individual farmers of Zhidikiy Volost' were the first to start the work. During the first 2 days, "Taribinis varpa," "Taribinis pavasaris," "Layve," and "Azhuolas" kolkhozes repaired 8 kilometers of road of local importance. During the past week, 74 kilometers of road of local importance were repaired by peasants of Zhidikiy Volost'.

More than 80 running meters of bridges in the volost' have been repaired, including capital repair work on three bridges. The bridge over the Varduva River is being completed.

Kolkhoz workers in Shumskiy Volost', Vil'nyus Uyezd, are rapidly carrying out road repair. During the first 5 days of June, 7.5 kilometers of road were surfaced, 5 kilometers of ditch cleared, 1,056 cubic meters of gravel and 30 cubic meters of stone prepared and transported, and three bridges repaired.
